# About Us

ProExhibit Innovations Technical Services L.L.C. is a creative Exhibition Stand Building and Execution firm based in Dubai, UAE. We strive to redefine the traditional concepts of exhibitions through our technical expertise and exquisite craftsmanship. We are dedicated to designing and building unique exhibitions that will aid different organizations in attracting clients to your services and products.

We cater to the needs of a broad spectrum of customers, including both small companies trying to make a huge impact and multinational enterprises with a variety of needs. With an abundance of knowledge and corresponding resources, we tailor our services to meet your specific needs. We hope to influence the markets of the Middle East, Africa, Europe and Southeast Asia in the future.

For our team of expert professionals, building exhibitions is an artistic endeavor that encompasses coming up with imaginative graphics and innovative designs. We are experts at combining technology and architecture to transform your ideas into immersive booths, stands and displays. More than just building exhibitions, we seek to tell unique stories about our client's brands to their audience.

We have a multifaceted system in place to ensure that every stage of building your exhibition is completed with efficiency and technical proficiency in a timely manner.

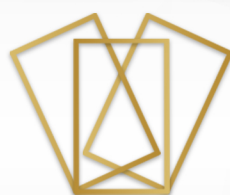

## Vision

We aspire to become the leading exhibition stand building and execution firm in UAE by leveraging our expertise to create mind blowing models that are unique and functional. We hope to become the preferred partner for companies looking to make a lasting impression in the exhibition and events space.

**ProExhibit**

## Mission

Our mission is to make our mark in the exhibition stand building industry by exceeding client expectations and delivering innovative solutions. As a firm, we prioritize professionalism, creativity and excellence in all the projects we undertake.

**ProExhibit**

# Why Choose Us ?

## **1.High Quality Craftsmanship**

Our workforce includes talented designers and craftsmen who utilize state-of-the-art techniques to create exhibition models that are one-of-a-kind and visually stunning.

## **2.Customized Designs**

We understand that your requirements might vary according to the industry you represent and we are prepared to deliver customized exhibition stands that meet your demands.

## **3.Project Management**

Our Project Management team will handle every facet of your exhibition stand project, from conception to completion, to streamline the procedure. We have an efficient infrastructure in place to ensure timely completion and delivery.

**ProExhibit**

## **4.Excellent Customer Service**

Throughout the design and building of your exhibition stand, our committed customer care team will provide you with outstanding support.

## **5.Extensive Experience**

We are a dependable partner for your exhibition needs because we have professionals with years of experience in the field and a track record of success.

## **6.Competitive Pricing**

We provide budget-friendly options, making sure that our services for exhibition stands are both outstanding and reasonably priced, providing you with the best return on your investment.

# Our Services

*ProExhibit offers a variety of services related to Exhibition Stand Design and Production, to ensure that your presence at marketing spaces is noticed by your target audience. We have different departments to handle everything from design to delivery and installation. At ProExhibit, we are committed to ensuring our clients' safety and satisfaction by upholding industry regulations and the highest quality standards. We are capable of organizing events in GCC, South East Asia, Middle East and Africa through collaboration with our partners.*

## Exhibition Design

*Our designers closely collaborate with our clients to conceptualize unique stand designs based on your inputs, brand identity and budget. We employ interactive animation and AV content to create engaging designs that captivate the audience.*

## Production and Installation

*Unlike other exhibition designers, ProExhibit uses wood instead of steel as our primary construction material, prioritizing sustainability. We have our own in-house production facility and a group of skilled carpenters and stand designers who breathe life into your exhibition stands. Our supervisors oversee the installation process while our technicians assemble the exhibition stands with precision. Throughout the installation process, we maintain strict quality control measures and conduct inspections.*

## Project Management and Build Services

*Our Project Managers will keep you updated about every stage of the build and devise strategies to overcome obstacles that we may face. These are professionals with years of experience under their belts and they will handle communication, budget control and coordination. Our team also handles the stand disassembly once the exhibition ends, making sure everything goes smoothly and causes you no trouble at all.*

## Storage and Supply Chain

*We have special storage facilities to safeguard your exhibition materials between events. We have an effective supply chain system in place to make sure that exhibition stands are transported to different locations without delay. You can depend on us to overcome all the challenges associated with logistics.*
